

Max Takes the YHYSA Autumn Series

Following his success in winning the YHYSA Spring Travellers series and being the highest placed Yorkshire boat at the NSSA Regatta, Max Nicholson has gone on to win the YHYSA Autumn Travellers series to make it a hat trick for 2011.

The Autumn Travellers series has never been run before but it was well attended by many of the participants from the spring series.

With only six events in the series, Max needed the best four results to count towards his final score. By event five, he had the best score it was possible to achieve with four 1st place results, so the series was in the bag with one event to go.

The last event was held at Ulley and Max came home in 1st place again, totalling five 1st places out of a six. The nearest competitor was 8 points adrift so Max had a convincing win and was presented with his prize and certificate at Ulley Sailing Club at the end of the series.

Max is already in training for next year and he will most likely take part in some National events later this year and early next to ensure he is on top of his game and ready for the spring series next year.
